Program focus

This double degree provides students with the opportunity to expand their knowledge in both commerce and information technology fields. Students must select a major from commerce and a major from information technology with considerable flexibility regarding the remainder of the program.

Commerce majors include:

- Accounting
- Business Law
- Finance
- General Commerce
- Information Technology Management
- Sustainable Business
- Sustainable Economics and Policy.

Information Technology majors include:

- Applied Computer Science
- Information Systems Development
- Information Technology Management
- Nety1Aw28 8- 1 79.3f1Australia): 1800T

Career opportunities

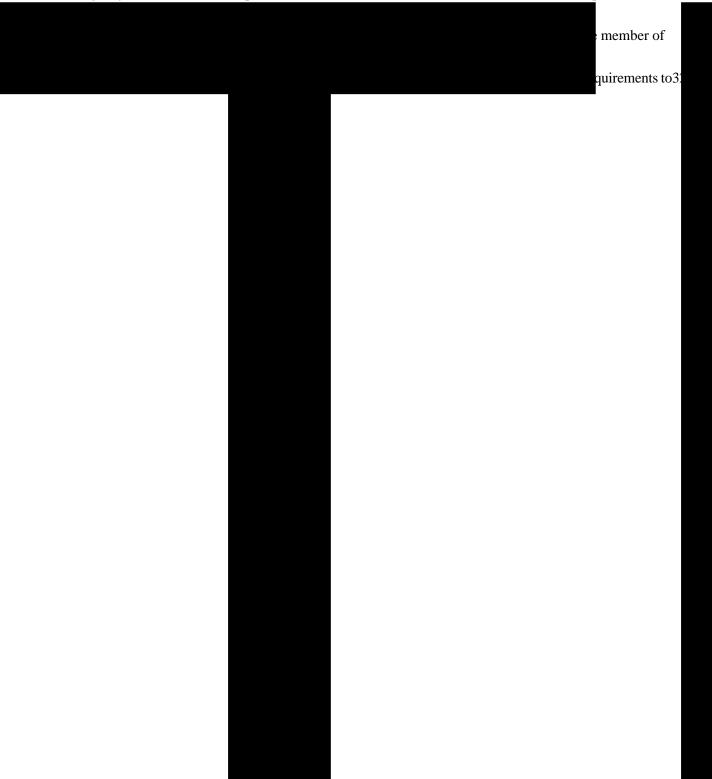

The double degree provides students with a wide range of employment opportunities including financial analyst, financial planner, investment banker, financial accountant, forensic accountant, stockbroker, small business manager, IS developer, IT manager, IT auditor.

Professional accreditation

The Bachelor of Information Technology program is accredited at professional level by the Australian Computer Society and, through the Seoul Accord, is recognised in other countries.

Accounting major graduates will meet the educational entrance requirements of CPA Australia and The Institute of Chartered Accountants in Australia (ICAA). This provides Associate membership of CPA Australia, eligibility to study the CPA professional exams and eligibility to study the ICAA professional exams.

Accounting major students who complete a finance minor will meet the educational entrance requirements

- Candidates for admission to this program must satisfy the normal USQ entry requirements for undergraduate programs. Please refer to Section 2.2 of the Admissions Policy, Section 2.2.1 (for Australian students) and Section 2.2.3 (for international students).
- International applicants must hav

Program completion requirements

To be eligible to graduate with the Bachelor of Commerce and Bachelor of Information Technology, students must complete (or be awarded credit for prior equivalent study of) all 32 courses as outlined above.

Where credit for prior study is aw

Students completing the Bachelor of Commerce and Bachelor of Information Technology must complete one major from the Bachelor of Commerce plus one major from the Bachelor of Information Technology.

Minor studies

A minor study is a coherent group of 4 units of courses that provides students with an appropriate breadth of study in their program. Students who wish to take a minor study not listed in the recommended minors must obtain permission from the Director of Coursework Studies. Before undertaking any course, the pre-requisite courses must be completed or exempted.

Students may exit with either the Bachelor of Commerce or Bachelor of Information Technology providing they have completed all requirements for that program.

Exemptions

Candidates for admission into the Bachelor of Commerce and Bachelor of Information Technology program may be eligible for up to 16 units of exemption on the basis of successful completion of relevant, equivalent
