- identify information needs appropriate to their area of specialisation, and apply the techniques required to gather and interpret such information
- demonstrate skills in the analysis and determination of technological issues at management level
- identify, analyse and solve problems in one or more areas of technology by selecting and using either quantitative or qualitative techniques appropriate to the resolution of technological problems
- satisfy academic admission requirements for membership of relevant professional bodies
- identify, interpret and evaluate major issues in a range of contemporary business information technology areas
- apply acquired knowledge associated with the studies to work environments
-

Exemptions

As the Master of Information Systems is a graduate conversion program, exemptions approved in the program do not automatically apply to other postgraduate programs offered by the USQ Faculty of Business and Law.

Up to a total of 6 exemptions may be granted for the 12-course Master of Information Systems.

Exemptions may be granted on the basis of completed equivalent postgraduate study from a recognised university or on the basis of relevant completed undergraduate study. However, the maximum number of exemptions which may be granted on the basis of relevant completed undergraduate study will be 4 courses.

Recommended enrolment pattern

Please refer to the program structure. Students requiring assistance should contact the Senior Administration Officer (Student Support).
