Eligible students who are not considered to have sufficient previous knowledge may be required to undertake a limited number of additional relevant courses. All students must discuss their enrolment pattern with the Program Coordinator prior to nominating courses on their enrolment form.

## How to apply

Applications for [Research Master and Doctorate programs](#) should be made directly to USQ.

## Program fees

### Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who reside outside Australia pay full tuition fees.

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#).

### International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

### Research training scheme (RTS)

The Research Training Scheme (RTS) provides Commonwealth-funded higher devides Comms40 0 110 T0Re0e0e0e0e0e

additional training complementary to the area of research to be undertaken. The research training course will consist of [SCI4405 Research Practice and Ethics](#) or [HSC8050 Research Methodology for the Human Sciences](#) or equivalent (as approved by the program coordinator).

Students who have previously completed [SCI4405 Research Practice and Ethics](#) or [HSC8050 Research Methodology for the Human Sciences](#) or an equivalent course elsewhere, will be required to undertake an alternative course selected in consultation with both their project supervisor and the program coordinator.

The remaining 8-unit research project will be undertaken in consultation with an approved supervisor. The first research project course [SCI9012 Master of Science Research Project B](#) is evaluated by a progress report and a dissertation proposal.

The student will prepare a dissertation based on independently conducted research. To successfully complete the dissertation, students will be required to select a research topic, carry out supervised research on the chosen topic using an appropriate research method and present and defend the results.

>as^k`ba Obpb^o`e j ^q|o

Candidates will be expected to conduct their studies in areas of science research that reflect the expertise of current staff in the Faculty of Sciences. Most research active staff are also members of a USQ Research Centre. Details of current research programs and potential supervisors can be found on the relevant [Biological and Physical Sciences](#) and [Mathematics](#) and [Computing](#) Departmental and [Research Centre](#) webpages.

The emphasis of the program will be on developing the appropriate knowledge and skills to undertak
