

# Sustainability Science (MSSC) - MSustSci

---

- demonstrate, through the breadth of their studies, an advanced understanding of issues, concepts and applications of sustainability science in environment and natural resource management
- manage complex decision-making in the face of risk and uncertainty
- advance their professional standing by incorporating contemporary scientific approaches to sustainable development.

### **Admission requirements**

To be considered for entry, applicants must hold a three-year Bachelor's degree from an Australian University or equivalent.

A formal process of Accreditation of Prior Learning (APL) will be used to assess applicants without Bachelor degrees, who wish to gain entry to the program on the basis of equivalent experience or qualifications.

Applicants should contact the Program Coordinator if they wish to be assessed for admission on this basis.

### **International Applicants**

International applicants must have met the [University's English language](#) requirements or have completed the [University's ELICOS/EAP programs](#) .

### **How to apply**

Domestic

## **Exemptions**

No exemptions will be granted towards this award. Candidates who have completed the same or similar courses at USQ or similar courses at another institution may, with the approval of the Program Coordinator, apply to vary their program on the basis of prior study.

## **Course transfers**

Transfer of credit for completed USQ courses from incomplete programs to the Master of Sustainability Science program will be allowed in accordance with USQ regulations provided the courses in question are compatible with the requirements for the Master of Sustainability Science.

## **Recommended enrolment pattern - Part-time**
