Program focus

Students will complete two majors from the Bachelor of Arts and one eight course major from the Bachelor of Science. Students will also need to meet all the major requirements for both degrees. This combination will require a total of four years of full-time study or up to nine years of part-time study.

Career opportunities

Graduates from this program may find employment in many fields within the arts and sciences industries.

Program aims

The program aims to produce graduates who meet the aims and objectives of both the [Bachelor of Arts](#) and the [Bachelor of Science](#) degree programs.

Admission requirements

Applicants for admission to the program must satisfy the requirements for admission to the [Bachelor of Arts](#) and the [Bachelor of Science](#).

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of your higher education and you as a student pay a [student contribution](#) (Bachelors of

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. You are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The program comprises 32 units as follows:

Core courses	4 units
Arts courses	14 units (two 7–unit majors)
Science courses	14 units (one 8–unit major plus 4 units from Sciences courses) plus 2 units of electives

Note: E99628 488.32470.04.748 469.982 m5352s units (one 8

Another approved Arts core course **

Footnotes

- * Students majoring in Biology must take [CMS1100 Communicating in the Sciences](#).
- ** Students majoring in Psychology major must take [PSY1030](#) as their fourth core course.

Major studies

Arts Studies

The Arts component shall comprise:

- at least one seven-unit discipline based major from the majors available under the [Bachelor of Arts](#) at USQ
- another seven-unit discipline based major from the Bachelor of Arts.

(At least two units from each major must be at third year level)

Science Studies

The Science component shall comprise:

Either

- an eight-unit discipline based major chosen from the majors under the [Bachelor of Science](#) (i.e. Biology, Computing, Mathematics ##, Physical Sciences, Environment and Sustainability)
- a four-unit study selected from one discipline offered by the Faculty of Sciences. This four-unit study may or may not be in the same discipline as in the eight-unit Science major

Or

- a twelve-unit discipline based major chosen from the majors under the [Bachelor of Science](#) i.e. Psychology *Information Technology or Mathematics and Statistics ^ **AND**
- a further two units of Faculty of Sciences approved electives which may either extend the studies already selected or may be in additional Science discipline areas.

The Mathematics major requires students to have achieved a level of Sound Achievement over four semesters in Queensland Senior (Year 12) Mathematics B or equivalent.

* The 12 unit major in Psychology is an Australian Psychology Accreditation Council accredited sequence in Psychology and students undertaking this major are eligible to apply to undertake the Bachelor of Science (Honours) (Psychology) degree and thus pursue further training to become a Psychologist.

^ The Mathematics and Statistics major requires students to have achieved a level of Sound Achievement over four semesters in Queensland Senior (Year 12) Mathematics B or equivalent.

Additional Requirements - Science

- At least two units of study in the Science component must be at third level.
- Students majoring in Computing (eight-unit major), Mathematics (eight-unit major), Mathematics and Statistics (twelve-unit major), or Information Technology (twelve-unit major) must complete [CSC1401 Foundation Programming](#) and [MAT1101 Discrete Mathematics for Computing](#) as their two science electives.
- Students not completing the major in Mathematics (eight-unit major), Computing (eight-unit major), Mathematics and Statistics (twelve-unit major) or Information Technology (twelve-unit major) must complete the course [MAT1100 Foundation Mathematics](#) or the course [MAT1102 Algebra and Calculus I](#). Students may need to take this course as one of their two science electives.

Recommended enrolment pattern

- Students will normally take the core course [CMS1000 Communication and Scholarship](#) in Semester 1 and [STA2300 Data Analysis](#) in Semester 2 as well as another approved core course in each of their first two semesters.
- Students will normally start the first Arts major in Semester 1 of first year and continue it in Semester 2 of first year. The second Arts major is usually started in Semester 1 of second year.
- The Science major is usually started in Semester 1 of first year and continued in Semester 2 of first year. The Science minor study is usually started in second year subject to timetabling constraints.

Consult the Handbook on the Web at <http://www.usq.edu.au/handbook/current> for any updates that may occur during the year.
Bachelor of Arts and Bachelor of Science . (BABS) - BA BSc (2013)

- Elective courses are usually taken in third or fourth years unless required as pre-requisites.
