

## Master of Engineering . (MENC) - MEng

This program will accept no new admissions from S2, 2013. The information relating to this program is applicable to currently enrolled students. Students who are interested in this study area should contact the Faculty

	Distance education
<b>Semester intake:</b>	Semester 1 (February) Semester 2 (July) Semester 3 (November)
<b>Fees:</b>	Domestic full fee paying place International full fee paying place
<b>Standard duration:</b>	1.5 - 2 years by distance education
	From:

- Critically evaluate knowledge from the professional journals and other information sources relevant to their field
- Apply asset management theory and practice to the management of engineering assets
- Evaluate the importance of technological innovation and risk in engineering businesses
- Apply the specialist knowledge and skills acquired in their major

### **Admission requirements**

To be eligible for admission to the program, candidates must possess a four year Bachelor of Engineering degree awarded by an Australian university, or an equivalent qualification awarded by an overseas institution. Candidates who wish to study a technical major will be expected to have completed an appropriate major in their undergraduate program.

The standing of degrees awarded by an overseas institution will be determined by reference to the National Office of Overseas Skills Recognition (NOOSR).

## **Major studies objectives**

The major study provides students with knowledge and skills in a specific discipline. The three major study areas in the Master of Engineering are:

- Adv
