Other information

The program is offered jointly by the Faculty of Health, Engineering and Sciences and the Faculty of Business, Education, Law and Arts but is administered by the Faculty of Health, Engineering and Sciences.

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, distance education or online), regardless of the program mode of study they enrolled in.

Upon accepting a place in the program, students would have informed the Faculty of Health, Engineering and Sciences of the majors they wished to study. In collaboration with appropriate academic staff, a suitable enrolment pattern for individual students would have been constructed (subject to timetabling constraints), students would have been informed of this pattern and enrolled in courses according to this pattern.
