

Graduate Diploma of Spatial Science Technology (GDST) - GradDipSpScTech

CRICOS code (International applicants): 072982E

•

Required time limits

Full-time students have a maximum of two years to complete this program. Part-time students have a maximum of four years to complete this program.

A pro-rata adjustment of the maximum time period will apply for those students who transfer from one mode of study to another. A pro-rate reduction in the maximum time period will apply to students who are admitted to a program with advanced standing.

Major studies objectives

The major study provides students with knowledge and skills in a specific discipline. The two major study areas in the Graduate Diploma of Spatial Science Technology are:

- Geographic Information Systems
- Surveying

IT requirements

Access to an up-to-date computer is necessary. On-campus students can access appropriately equipped laboratories, but should consider acquisition of their own computer. External students should be able to access a computer with the following [minimum standards](#) as advised by the University. All students should have access to email and the Internet via a computer running the latest versions of Internet web browsers such as Internet Explorer or Firefox. The University has a wireless network for on-campus students' computers. In order to take advantage of this facility and further enhance their on-campus learning environment, students should consider purchasing a notebook/laptop computer with wireless connectivity. A notebook/laptop may be required for some courses.

Exit points

Students who for whatever reason, are unable to complete the [GDST Graduate Diploma of Spatial Science Technology](#), and who satisfy all of the requirements of the [GCST Graduate Certificate of Spatial Science Technology](#), may be permitted to exit with that award.

Credit

Candidates for admission to the program are eligible to seek exemptions in the program in accordance with existing University regulations. The maximum number of exemptions permitted will be four courses (i.e. a total of four units). Studies used as the basis for claims for exemption must not have been used to meet the requirements of another award. They will normally have been completed within a period of five years prior to the date of application for exemption.

Candidates who hav
