Program aims

The Master of Business is an advanced academic program for graduates of any discipline or for students with extensive relevant business experience. This program aims to develop generic business skills and to extend those in a specialised area.

Program objectives

Upon completion of the Master of Business, students will be able to:

- demonstrate underlying knowledge of the theoretical structure underpinning their chosen area of specialisation
- apply those theoretical principles in business
- apply a range of management skills relevant to their specialisation.

Admission requirements

Admission to the Master of Business degree will be available to graduates with an approved bachelor degree as deemed sufficient and appropriate on application.

Candidates who do not have a degree may be permitted to enrol in the [Postgraduate Certificate of Business](#), provided that they have a minimum of three years' full-time equivalent work experience, which includes relevant experience as deemed sufficient and appropriate on application. Upon completion and achievement of a minimum GPA of 4.0, they will be eligible to articulate into the Master of Business.

Domestic and International Applicants from a non-English speaking background are required to satisfy [English language requirements](#).

Other Courses

Students wishing to complete a project as part of the program must first obtain permission from the Faculty of Business, Education, Law and Arts before enrolling in [BUS8101 Business Project A](#) or [BUS8102 Business Project B](#). Enrolment in the project courses is contingent upon the availability of a suitable supervisor.

Required time limits

Students have a maximum of 6 years to complete this program.

IT requirements

For information technology requirements please refer to the [minimum computing standards](#).

Other program requirements

Students must maintain good standing in this program. Please refer to the [Academic Standing, Progression and Exclusion Procedure](#).

Articulation

It is possible for students who do not meet standard admission requirements to articulate into the Master of Business from the [Postgraduate Certificate of Business](#). Upon completion and achievement of a minimum GPA of 4.0, they will be eligible to articulate into the Master of Business.

Students who wish to articulate to the higher award must lodge an application for entry to the relevant program.

Exit points

A student who chooses not to complete or who does not maintain good standing in this program will be permitted to exit with a lesser qualification as set out below, provided that they have met the requirements of that program.

- A student who successfully completes 8 Master of Business units may, upon application, exit with a Postgraduate Diploma of Business. A student who has successfully completed all the requirements of at least one specialisation may have one specialisation shown on their testamur.
- A student who successfully completes all requirements for the [Postgraduate Certificate of Business](#) may, upon application, exit with that qualification. A student who has successfully completed all the requirements of a 4-unit specialisation may have that specialisation shown on their testamur.

Credit

Candidates for admission to the Master of Business may be eligible for a maximum of six units of credit. With the approval of the Faculty of Business, Education, Law and Arts, credit may include up to four units of credit, to be granted on the basis of prior successful completion of relevant undergraduate study, where a student is studying a specialisation in the same or similar discipline as their undergraduate study.

Credit granted for equivalent postgraduate study from a recognised university or institution must meet the following specific requirements:

- the course passed was taken at least at Masters or equivalent level
- the course was passed within five years prior to the application (courses up to 10 years old may be considered if evidence is provided that the applicant has been employed in that field) and
