- understand the ethics of their profession and the need for a commitment to that profession.

## **Admission requirements**

Requirements for the Graduate Diploma of Business:

### **Accounting specialisation option 1:**

Applicants must have successfully completed an accredited post year 12 qualification equivalent to at least two years' full-time study provided that such qualification is deemed sufficient and appropriate on application.

### **Accounting specialisation option 2:**

Applicants must have completed a minimum of at least five years' relevant work experience.

Applicants with overseas academic qualifications in accounting should contact either of the following professional bodies for an assessment of their qualifications (prior to applying for enrolment in the program):

- [CPA Australia](#)
- [Chartered Accountants Australia and New Zealand](#).

### **Information Systems specialisation:**

For admission to the Information Systems specialisation applicants must hold at least a two-year diploma from an Australian or other recognised university, or an approved equivalent qualification, in an area other than computing; and have introductory knowledge of computing consistent with that found in the [CIS1000 Information Systems Concepts](#) course.

All students are required to satisfy the applicable [English language requirements](#).

If you do not meet the English language requirements you may apply to study a University-approved
