Professional accreditation

The Master of Engineering . is not accredited by any professional bodies other than the University of Southern Queensland.

Program aims

The aim of the Master of Engineering program is to produce graduates that are equipped with essential management knowledge and an appreciation of the latest technologies in addition to their initial specialisation. The skill set would therefore allow the graduate to manage more complex technological or engineering businesses.

Articulation

Students who have completed the Postgraduate Certificate of Engineering are able to apply to articulate with full credit into the Master of Engineering program if they study the same major in this program and satisfy admission requirements to the Master of Engineering program.

The standing of degrees awarded by an overseas institution will be determined by reference to the National Office of Overseas Skills Recognition (NOOSR).

Credit

Exemptions/credit will be assessed based on the USQ Credit and Exemption Procedure.

Advanced Structural Engineering Design Major recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
