Professional accreditation

Master of Professional Accounting component

Graduates of this program will meet the educational entrance requirements of [CPA Australia](#) and [Chartered Accountants Australia and New Zealand \(CAANZ\)](#). This provides Associate membership of CPA Australia, eligibility to study the CPA Australia professional exams and eligibility to study the CAANZ professional exams.

Successful completion of the Master of Professional Accounting program can qualify students for exemptions from the Fundamental level (9 papers) of the [Association of Chartered Certified Accountants \(ACCA\)](#) exams.

The Master of Professional Accounting is accredited by the [Chartered Institute of Management Accountants \(CIMA\)](#).

We recommend that graduates in Accounting from an overseas university obtain a qualifications assessment from CPA Australia before applying for admission. In many cases, such graduates may be required to complete only 3 - 4 courses to achieve Associate membership. These can be studied through a [Graduate Certificate of Business](#).

Local recognition (for overseas students):

For overseas candidates seeking membership of their home accounting bodies, full members of [CPA Australia](#) and/or [CAANZ](#) are usually offered reciprocal membership. This is a fast track to become a qualified accountant in one's home country.
