Graduate Certificate of Health (GCHH) - GCHealth

Programs at USQ regularly undergo a comprehensive re-accreditation process to assure their relevance and quality. This program is currently being re-accredited and, as a consequence, is likely to undergo some changes. Full details will be made available when it is approved. If you have any questions, please contact us.

	External#

(1) critically reflect on their own clinical and educational practices
(2) engage in effective, supportive, collaborative practice within a specialised context
(3) practice in a professional, legal and ethically justifi

Requirements for professional experience placements

There is a compulsory clinical requirement for GCHH (Rural & Remote) only. This placement is coordinated

education of students, peers and other health professionals with a particular, but not exclusive, focus on rural and non-urban settings.

Graduate Certificate of Health (Clinical Practice) - enables health professionals to complete the core course (HEA8001) and three of the clinical practice electives to develop their expertise in areas of chronic illness or community related health. It also offers the opportunity to develop expertise to promote resilience related to disaster experiences.

Graduate Certificate of Health (Mental Health) - prepares nurses to develop expertise in mental health care and enables them to work as clinically skilled members of mental health teams in developing and established services. This program is also open for other health professionals who wish to extend their expertise in mental health.

Graduate Certificate of Health (Scheduled Medicines) - has been developed for registered nurses wishing to further their advanced knowledge and skills in the area of scheduled medicines, under protocol or permit.

Graduate Certificate of Health (no specialisation) - enables health professionals to complete the core course (HEA8001) and three courses of their choice approved by the Program Coordinator to meet their professional learning objectives as well as overall program objectives.

Electives/Approved courses

Approved courses for the Mental Health Specialisation.

Course Name
