Program aims

The Graduate Certificate of Sport and Exercise (GCSE) aims to provide students with the opportunity to develop and extend their knowledge and skills relevant to health, fitness and sports performance across the lifespan to an advanced level. Students undertaking the program will usually have qualifications in various related disciplines (although any undergraduate degree is acceptable) or be students who have completed an undergraduate degree in the area of sport and exercise. The program, may be used to meet work or professional requirements, allow for program exemptions, or be part of course requirements in some postgraduate programs. The program is designed to meet personal achievement goals or provide for career opportunities within the health, sports and fitness industry such as sports coaches, personal trainers, sports development officers or a range of other roles.

Program objectives

On completion of the program graduates will be able to demonstrate:

- (1) An advanced level of discipline knowledge and skills relevant to health, fitness and sports performance across the lifespan.
- (2) High level of understanding of exercise related issues and circumstances of individuals and groups, including sports performers and those with disabilities, chronic diseases and from a range of age groups across the lifespan.

^{*} Semester 1 intake available full-time and part-time. Semester 2 intake available part-time only (not suitable for international on-campus students).

Specified approved courses (choose two of)

- SES8001 Advanced Biomechanics (available Semester 2)
- SES8003 Advanced Motor Control and Learning (available Semester 1)
- SES2101 Growth, Development and Lifespan (available Semester 1)
- SES3103 Nutrition and Exercise (available Semester 2 and 3)

Program completion requirements

Students must complete the two compulsory courses and two specified approved courses.

Required time limits

Students have a maximum of 2 years to complete this program.

Practical experience

There will be a small amount of professional experience required as an extension to courses (e.g. opportunity to observe or participate in a particular sport and exercise context). This professional experience will be in the nature of work experience and largely self-directed.

The student is responsible to find and arrange their placement and must meet all costs associated with the acquisition of practical experience to satisfy this requirement.

IT requirements

Students must have reliable and ready access to email and the Internet. Broadband access is required for the four compulsory core courses. For information technology requirements, please see the minimum computing standards.

Riccontributed Enrolment Programme Application (September 1988)

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
