- apply the theoretical principles of project management to a project environment in relation to a range of project types:
  - scope and requirements management
  - scheduling and time management
  - cost management
  - quality management
  - human resources management
  - communications management
  - risk management
  - procurement management
  - integration management
  - stakeholder management
- demonstrate a comprehension of complex ethical dilemmas for various stakeholders within a project management environment.

## Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

Entry into the Master of Project Management requires a tertiary qualification at bachelor degree or equivalent (AQF level 7) in a project management related discipline from a recognised institution, and two years' full-time relevant professional work experience in business.

For candidates who meet the program work experience requirements but do not hold a bachelor degree or equivalent (AQF level 7) in a project management related discipline, USQ's [Graduate Certificate of Business](#) provides an articulation pathway into the Master of Project Management. Upon completion and achievement of a minimum GPA of 4.0, they will be eligible for entry into the Master of Project Management.

Candidates with a graduate certificate (AQF level 8) or higher qualification in any discipline, with two years' full-time relevant professional work experience in project management may apply for entry into the Master of Project Management. Eligibility for entry will be determined on a case-by-case basis.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be

admitted to an award. [English language program](#)
