## Professional accreditation

USQ is registered with the [Project Management Institute](#) (PMI)® as a Global Registered Education Provider (R.E.P.). A study of project management at USQ earns professional development units towards certification with PMI including towards the Project Management Professional (PMP)®.

PMI, PMP and Project Management Professional (PMP) are registered marks of the Project Management Institute, Inc.

## Program aims

The Master of Project Management aims to produce graduates who have appropriate skills and knowledge to be capable of managing small, medium and large-sized projects as a senior team leader, a project manager or project director.

## Program objectives

Upon completion of the Master of Project Management students will be able to:

- demonstrate knowledge of the theoretical structure of project management as defined by the Project Management Body of Knowledge
- demonstrate essential skills in relation to identification and analysis of logistics management, and integrate logistics management into the overall operation of the organisation
- apply the theoretical principles of project management to a project environment in relation to project:
  - scheduling and time management
  - cost management
  - quality management

**Some courses in these specialisations are only available in external mode.**

**Electives**

Students may complete any 4 courses at 5000 or 8000 level from the Business and Commerce coursework Master programs subject to prerequisite requirements. Alternately students may choose 5000 or 8000 coursework courses from any USQ Masters program with the approval of the Faculty of Business, Education, Law and Arts.

**Strand 2: Complex Project Management**

The Complex Project Management strand consists of 8 specified single-unit courses.
