	This program must be completed within two years of 	

## Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 08. Graduates at this level will have advanced knowledge and skills for professional or highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting [www.aqf.edu.au](http://www.aqf.edu.au).

## Program Information Set

View USQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

## Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian bachelor degree (or equivalent) in Health or a related discipline, with a minimum Grade Point Average (GPA) of 5.0.
- English Language Proficiency requirements for Category 3.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

## Program fees

### Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

### Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

### International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

## Program structure

The Bachelor of Health (Honours) consists of eight units made up of five core courses and one approved course.

### Core courses:

- [SCI4405 Research Practice and Ethics](#)
- [SCI4407 Complementary Studies A](#)
- [SCI4408 Complementary Studies Br](#)
- [HSW4100 Health: Project A](#)
- [HSW4200 Health: Project B](#)

### Approved course:

- choose one from the list of approved courses below.

The project courses provide students with the opportunity to conduct a minor research project or complete a professional practice project on a topic directly related to their discipline area. Students enrolled in the Bachelor of Health (Honours) will be provided with further information about project selection with their offers.

## Program completion requirements

Students must successfully complete all components of the program to be eligible to graduate.

## Required time limits

Students have a maximum of 2 years to complete this program.

## Major studies

The following majors are available in the Bachelor of Health (Honours). Please note the major must be allocated in consultation with the Program Coordinator.

- Biomedical Science
- Human Services
- Medical Laboratory Science
- Midwifery
- Nursing
- Paramedicine
- Sport and Exercise
