Program aims

This program focuses on developing your knowledge and skills to enable you to facilitate learning in the clinical setting.

Program objectives

On completion of this program graduates should be able to:

- Apply specialised knowledge, skills and technical competencies within specific health contexts
- Effectively communicate using high-level written and oral language skills with people of diverse ages, backgrounds and needs
- Collaborate with a range of healthcare professionals to achieve the best possible healthcare outcomes for individuals and communities
- Reflect on practice to facilitate awareness and knowledge of one's own cognition and abilities
- Critically analyse, synthesise and evaluate a range of data and evidence to provide solutions to complex nursing problems.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 08. Graduates at this level will have advanced knowledge and skills for professional or highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian university three-year bachelor degree in a health related field, or equivalent.
- English Language Proficiency requirements for Category 3.

All students are required to satisfy the applicable [English language requirements](#)

Credit

Credit will only be considered where students have completed, within the last five years, a course which has at least 80% equivalency with a course in the GCHE (maximum two courses).

Recommended enrolment pattern

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
