Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The program consists of four courses each worth one unit. There is one core course ([HEA8001 Contexts of Practice](#)) common to all Graduate Certificate of Health specialisations and three courses specific to the chosen specialisation. HEA8001 Contexts of Practice is required for successful completion of the program.

Program completion requirements

Students are required to successfully complete [HEA8001](#) and three courses specified for the chosen. Students who select to study Graduate Certificate of Health (no specialisation) are required to successfully complete HEA8001 (core course) and three courses from the Graduate Certificate of Health approved by the Program Coordinator to meet the learning outcomes of the award.

Required time limits

Students have a maximum of 2 years to complete this program.

Specific specialisations

Graduate Certificate of Health (Community Health) - enables experienced health and social well-being practitioners to develop the necessary theoretical knowledge and practical application skills to analyse and address human health and social well-being issues within a community health framework.

Graduate Certificate of Health (Rural and Remote Health) - has been developed for registered nurses wishing to further their knowledge and advance their nursing skills in the area of rural and isolated practice. Options for other health professionals who wish to extend their expertise in this area are currently at planning stage.

Graduate Certificate of Health (Clinical Education) – enables health professionals to develop their kno
