Program structure

The Graduate Diploma of Spatial Science Technology consists of eight units and is a one year full time on-campus program that may also be studied online over two years.

Students completing the Graduate Diploma of Spatial Science Technology select eight courses from the appropriate recommended enrolment pattern, as follows:

Schedule A: five core courses (five units)

Schedule B: A three course specialisation (three units)

Required time limits

Students have a maximum of 4 years to complete this program.

Specialisation

The specialisation study provides students with knowledge and skills in a specific discipline. The two specialisation study areas in the Graduate Diploma of Spatial Science Technology are:

* Geographic Information Systems
* Surveying.
