## Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting [www.aqf.edu.au](http://www.aqf.edu.au).

## Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- (1) Completion of an Australian university Bachelor degree at Level 7 (or its equivalent) in any area;
- (2) A minimum of five years full time equivalent professional work experience, or equivalent;
- (3) English language proficiency requirements of Category 3; and
- (4) A statutory declaration from the student that they are able to access a suitable work situation to complete the work-based components of the degree.

USQ's [Graduate Certificate of Leadership and Coaching](#) provides an articulation pathway into the Master of Adaptive Leadership. Upon completion and achievement of a minimum GPA of 4.0, graduates will be eligible for entry into the Master of Adaptive Leadership.

Candidates with a Graduate Certificate (AQF level 8) or higher qualification in any discipline, with five years' professional work experience may apply for entry into the Master of Adaptive Leadership. Eligibility for entry will be determined on a case-by-case basis.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.
