Professional accreditation

The Master of Clinical Psychology – Advanced Entry has received accreditation with conditions from the [Australian Psychology Accreditation Council \(APAC\)](#) as a sixth-year program in psychology. Graduates will be eligible to apply for general registration with the Psychology Board of Australia, and, Clinical Endorsement with the Psychology Board of Australia after a period of supervised practice in an approved Psychology Board of Australia registrar program. Graduates will also be able to apply for full membership to the Australian Psychological Society and admission to the College of Clinical Psychology of the [Australian Psychological Society](#) after a period of supervised practice.

Program objectives

On completion of this program, students should be able to:

- (1) Select and critically apply an appropriate evidence-based approach to Clinical Psychology practice that is informed by the scientist practitioner framework.
- (2) Critically evaluate the scope of Clinical psychology practice, including how Clinical Psychology integrates within an interprofessional context.
- (3) Integrate and apply advanced ethical, legal, and professional frameworks in relation to the practice of Clinical Psychology.
- (4) Critically apply a range of advanced skills and theoretical knowledge to conduct comprehensive psychological assessments using a variety of different techniques and instruments.
- (5) Evaluate psychological disorders utilising international taxonomies of classification.
- (6) Strategically utilise advanced knowledge and skills in individual and group Clinical Psychology interventions.
- (7) Apply high level research knowledge and skills to psychological practice.

- (8) Employ a range of high level technical and communication skills to evaluate and interpret information in oral, written and digital formats.
- (9) Integrate and apply advanced knowledge and skills regarding the provision of Clinical Psychology services across the lifespan, in a culturally responsive manner.
- (10) Apply advanced theoretical knowledge and technical skills in the workplace within the scope of Clinical Psychology practice.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an [Australian Psychology Accreditation Council](#) (APAC) accredited Masters (coursework) degree in Psychology, or have held General Registration as a Psychologist with the Psychology Board of Australia for a minimum duration of 12 months.
- English Language Proficiency requirements for Category 4.

In addition, applicants must:

- provide two [Referee Reports](#)
- provide a 1-2 page report which addresses the Master of Clinical Psychology - Advanced Entry [Selection Criteria](#)
- be assessed in a face-to-face interview with a panel of School staff, including completion of the USQ Psychology Competency examination
- Provide an academic transcript demonstrating strong academic performance
- provide a CV of their work and study history
 - Applicants who have not completed their four-year bachelor degree or Masters (coursework) in Psychology degree within the last three years, will be required to demonstrate how they have maintained up-to-date knowledge and skills in the area of Psychology .

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The Master of Clinical Psychology – Advanced Entry consists of 8 units comprising 6 units of coursework and 2 units of practicum.

The program is designed for full-time or part-time attendance in the on-campus mode.
