professional educators in contemporary knowledge building communities. In particular, the student-led design coursework option allows students the maximum flexibility in tailoring the nature of the courses studied in the program to their own particular professional learning goals,

Program objectives

Students who successfully complete the Master of Education should have advanced knowledge and understanding of key issues and trends within contemporary education and/or of a specialised area of education. Graduates should be able to demonstrate capabilities and dispositions for:

- locating and accessing knowledge of relevant theory and practice
- critically evaluating and building knowledge
- interpreting and applying knowledge to the solution of significant problems
- planning and executing successful independent projects to build and/or apply knowledge
- effectively communicating knowledge
- identifying and participating in relevant communities of practice.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 09. Graduates at this level will have specialised knowledge and skills for research, and/or professional practice and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Required time limits

Students have a maximum of 4 years to complete this program.

Core courses

All majors have required courses or sequences of courses. Students are advised to note carefully the enrolment requirements for the major, and to ensure that they plan their enrolment to allow for completion of the major's requirements.

Students undertaking the research pathway must complete 4 units of research-related study, including EDR8000, EDR8060 and [EDR8061](#).

Major studies

The second coursework pathway allows students to elect to focus their studies in a particular area by completing a major consisting of a sequence of 5 or 6 related courses. The purpose of a major is to develop breadth and depth in an area of specialised knowledge. The specialist areas comprising the set of available majors may vary from time to time, but the specified majors to be of

Many of the courses in the Master of Education provide opportunities for students to address issues of particular personal interest, by undertaking approved independent work, which may include approved workplace professional development activity.
