Program aims

This program aims to provide professionals in environmental and resource management and related fields, with appropriate formal instruction to enhance their skills and knowledge in the emerging discipline of

To be considered for entry, applicants must hold a three-year Bachelor's degree from an Australian University or equivalent.

A formal process of Accreditation of Prior Learning (APL) will be used to assess applicants without Bachelor degrees, who wish to gain entry to the program on the basis of equivalent experience or qualifications. Applicants should contact the Faculty of Health, Engineering and Sciences if they wish to be assessed for admission on this basis.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

The last intake for the Master of Sustainability Science was Semester 1 2013. Students who commenced the Postgraduate Certificate of Sustainability Science in Semester 2, 2013 may articulate to the Master of Science (Environment and Sustainability), with completion of further courses, as required by that program.

Students must advise the Faculty in writing (sciences.support@usq.edu.au) of their intention to articulate and this must occur prior to graduation from the PCSS. If a student is articulating to the higher degree, they will apply to that higher degree and will only graduate from that higher degree.

Credit

No exemptions will be granted towards this award.

Course transfers

Transfer of credit for completed USQ courses from incomplete programs to the Postgraduate Certificate of Sustainability Science program will be allowed in accordance with USQ regulations provided the courses in question are compatible with the requirements for the Postgraduate Certificate of Sustainability Science.

Recommended enrolment pattern - Part-time

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.
