Program aims

This Undergraduate Certificate of Teaching (Primary) provides you with an introduction to the key concepts, knowledge and skills that underpin the work of a primary school teacher. It balances theoretical understandings with practical considerations to start a journey towards being ‘classroom ready’. This certificate is an entry point to a Bachelor of Primary Education, which provides graduates with a qualification for teaching students from Foundation to Year 6.

Program objectives

Upon successful completion of this program, students should be able to:

- (1) describe, explain and deconstruct the key aspects of child cognitive, physical, social and emotional development and analyse the implications for teaching
- (2) identify and apply strategies to teach, plan and implement effective arts-based curriculum learning opportunities
- (3) analyse the role of the arts in affording children the opportunity to communicate in multiple ways and share their history, culture and languages
- (4) select appropriate pedagogies for the teaching of Aboriginal and Torres Strait Islander learners with consideration of culture, cultural identity and linguistic backgrounds and their impact on education
- (5) apply and articulate the professional responsibilities of teachers through effective personal literacy and the ethical use of information and communication technology.
