Professional accreditation

This program has full accreditation with [Exercise and Sports Science Australia \(ESSA\)](#) at the exercise physiologist level.

Program aims

The Bachelor of Sport and Exercise Science (Honours) (Clinical Exercise Physiology) aims to allow students to develop or extend their knowledge and expertise to meet personal achievement goals or provide for career opportunities within the health, sports and fitness industry such as sports coaches, sports development officers, sports performance directors or a range of other roles. The Bachelor of Sport and Exercise Science (Honours) (Clinical Exercise Physiology) specifically provides for graduates to obtain ESSA qualification as an accredited exercise physiologist.

Program objectives

On completion of the program graduates should be able to:

- (1) Apply proficient levels of discipline knowledge and skills relevant to health, exercise and fitness across the lifespan of an individual.
- (2) Compare and contrast exercise related issues and circumstances of individuals and groups, including sports performers and those with disabilities, chronic diseases and from a range of age groups across the lifespan of an individual.
- (3) Apply highly-developed practical skills relevant to laboratory, clinical and field situations in the sport and exercise area.
- (4) Display evidence-based practice, good communication skills, professional development and research.
- (5) Critically analyse levels of safe, professional and ethical practice displayed in interactions with clients from a range of populations, and a variety of contexts, across the lifespan of an individual.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 08. Graduates at this level will have advanced knowledge and skills for professional or highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View USQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Have achieved a minimum Australian Tertiary Admission Rank (ATAR) of **69.35**, or equivalent qualification.[^]
- English Language Proficiency requirements for Category 3.

Applicants are advised to also address the following:

- [Assumed knowledge](#) expectations: English.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

[^] These are determined by the University for specific programs each Semester. The 2021 ATAR and tertiary entrance ranks are based on agreed QTAC schedules which assess formal study at Year 12 or [equivalent level](#), tertiary, preparatory, professional or vocational qualifications or work experience, as detailed in the QTAC Assessment of Qualifications Manual and QTAC Assessor Guidelines.

Adjustment factors may help you get into the program of your choice by increasing your entrance rank. The additional points don't apply to all applicants or all programs. Please read the information about USQ's [Adjustment Factors](#) carefully to find out what you may be eligible for.

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, via distance education/online. Students are able to calculate the fees for a particular course via the [Course Fee Finder](#).

Program structure

This program comprises of 31 core units (SES1299, SES2299 and SES3299 make up 1 unit) and one appro

- [BIO1206 Human Anatomy and Physiology 2](#)
- [SES1002 Introduction to Sport and Exercise](#)
- [SES1103 Nutrition and Exercise](#)
- [SES2102 Motor Control and Learning](#)
- [SES2103 Functional Anatomy](#)
- [SES2104 Exercise Physiology](#)
- [SES2201 Health, Exercise and Sport Assessment](#)
- [SES2202 Biomechanics](#)
- [SES2203 Physical Activity and Health](#)
- [SES3206 Strength Training and Conditioning](#)
- [SES3101 Exercise Prescription and Practice](#)
- [SES2205 Exercise Program Delivery](#)
- [SES3130 Clinical Exercise Physiology for Young People](#)
- [SES3202 Clinical Practice Skills 1](#)
- [SES3231 Clinical Exercise Physiology for Adult to Middle Age](#)
- [SES4101 Clinical Exercise Physiology for Mature to Later Years](#)
- [SES4102 Clinical Practice Skills 2](#)
- [SES4203 Clinical Practice Skills 3](#)

Articulation

The Bachelor of Sport and Exercise Science (Honours) (Clinical Exercise Physiology) does not articulate to any other program, however graduates may be interested in applying for the Master of Science (Research) (Sport and Exercise) Applied or Advanced specialisation programs or seek entry into a professional doctorate program.

Related programs

[Bachelor of Sport and Exercise Science](#)

Exit points

The Bachelor of Sport and Exercise Science (Honours) (Clinical Exercise Physiology) will have the following exit points:

Those students who fail to maintain an average Grade Point Average (GPA) of 5.0 in all courses across years 1 to 3 of the program will not be permitted to enrol in the fourth year of the program and will be exited from the degree. Those students will graduate with a [BSES Bachelor of Sport and Exercise Science](#). **Please note:** Students who wish to exit under the Sport and Exercise Science will need to meet the Exercise and Sport Science Australia (ESSA) requirements.

Students who successfully complete 16 approved courses can exit with an [Associate Degree of Sport and Exercise Science \(ADSE\)](#).

Students who successfully complete 8 approved courses can exit with a [Diploma of Sport and Exercise Science \(DSES\)](#).

Credit

Exemptions/credit will be assessed based on the [USQ Credit and Exemption Procedure](#). Graduates from sport and exercise or other university programs within the last 5 years are eligible to apply for exemptions from some of the courses within the Bachelor of Sport and Exercise Science (Honours) program.

Course transfers

Courses may be transferred to other programs subject to the approval of the program coordinator; students should consult the relevant Faculty.

Honours

The level of honours awarded will be determined according to the USQ procedure. Please refer to the Class of Honours Standard Schedule (Final Honours project course is [SES4102 Clinical Practice Skills 2](#) and [SES4105 Independent Study in Sport and Exercise 2](#)).
