Graduate Certificate of Spatial Science Technology (GCST) - GradCertSpScTech

CRICOS code (International applicants): 066078K

	On-campus#^	**Online***
Start:	Semester 1 (February) Semester 2 (July)	Semester 1 (February) Semester 2 (July) Semester 3 (November)
Campus:	Toowoomba	-
Fees:	Commonwealth supported place Domestic full fee paying place International full fee paying place	Commonwealth supported place Domestic full fee paying place International full fee paying place
Standard duration:	1 semester full-time or 2 semesters part-time or by distance learning	
Program articulation:	To: Graduate Diploma of Spatial Science Technology; Master of Spatial Science Technology	

Footnotes

\#   The Graduate Certificate of Spatial Science Technology (Geographic Information Systems) is available full-time on-campus commencing in Semester 1 only. The Graduate Certificate of Spatial Science Technology (Surveying) is not available full-time on-campus and therefore is not available to international on-campus students.

^   The Graduate Certificate of Spatial Science Technology is not available full-time on-campus commencing in Semester 2.

*   Semester 3 commencement — only the Geographic Information Systems major is available for part–time commencement in Semester 3.

Professional accreditation

The Graduate Certificate of Spatial Science Technology is not accredited by any professional bodies other than the University of Southern Queensland.

Program aims

The Graduate Certificate of Spatial Science Technology (GCST) program produces graduates who are skilled in the area of spatial science theory and ev

- acquire and demonstrate an integrated understanding of a relevant body of knowledge in a spatial science discipline or area of professional practice.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of kno

Program structure

The Graduate Certificate of Spatial Science Technology consists of four units.

Students may commence their studies at the beginning of either Semester 1 or Semester 2 depending on the mode of offer. Students may select one of the two specialisations in the program, either Geographic Information Systems or Surveying. The courses offered in each specialisation are shown in the recommended enrolment patterns which follow.

Students completing the Graduate Certificate of Spatial Science Technology select four courses from the appropriate recommended enrolment pattern,as follows

Specialisation: Geographic Information Systems (Specialisation Study Code: 12613)						
Course	Year of program and semester in which course is normally studied					Enrolment requirements
	On-campus (ONC)		External (EXT)		Online (ONL)	
	Year	Sem	Year	Sem	Year	Sem	
Schedule B: Select the remaining two courses from the following list						
4D4"%" 7 f_URZ_AcXdR^^ZX		"#			"#$
