### **Exit points**

Students who do not complete the Master of Project Management, but who satisfy all the requirements of the may be permitted to exit with that qualification.

#### Credit

Candidates for admission to the Master of Project Management may be eligible for up to four units of credit on the basis of either:

- prior successful completion of relevant, equivalent postgraduate study from a recognised university or institution offering equivalent study; or
- accreditation from the Australian Institute of Project Management in their RegPM accreditation program, but only if accreditation is achieved at Certified Practising Project Manager (CPPM) level or higher, and only after completion of the 4 core courses for this program. Contact the Faculty of Business, Education, Law and Arts for further information. Credit granted under this provision will be for one unit of credit only and will be included in the maximum credit available for this program as indicated above.

Claims for credit should be submitted prior to or at the time of enrolment in a course. Each claim will be assessed on individual merit in line with USQ policy. Credit approved in this program will not automatically apply to other programs offered by USQ.

**Note:** Where credit is granted, maximum and minimum duration will be adjusted in the same proportion as credit, for example, where four units of credit is granted, maximum time will be two years and minimum duration will be one semester.

### Project Management recommended enrolment pattern - Toowoomba campus

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.

The recommended enrolment pattern set out in the table below is for a part-time student commencing the program in semester 1. It is strongly recommended that students enrol in MGT8022 Project-Based Management prior to, or at the same time as, enrolling in subsequent project management courses.

Some of the courses in the Master of Project Management are offered in more than one semester. This provides flexibility for students and, consequently, there will be many different enrolment patterns.
