Minor Studies

Students may take the minor studies path instead of the Specialisation Major. Option Studies are designed to enable students to widen their knowledge and perspectives across a range of disciplines. The purpose of the minor study sequence is to provide the student with the opportunity to bring skills and knowledge from a broader range of disciplinary approaches to underpin their applied media practice and careers. Courses must be taken over two levels. If a minor/Option study path is preferred, the student is required to choose two of the minor sequences as a substitute for the major from:

- the list of courses available on the Springfield campus below; or
- another minor studied externally from Toowoomba campus.

Comm

Marketing minor

Please note that courses are subject to change as new courses become available at Springfield campus.

Course	Semester/Mode of Offer
