

## **Bachelor of Accounting and Sustainable Business (BASB) - BAccSustBus**

**This program is offered only to continuing students. No new admissions will be accepted. Students who**

- Lifelong learning - make effective and creative use of modern technologies; understand and apply the broad-based administrative and management skills required by organisations to compete on an ongoing basis in the global economic environment

Business Administration courses	8 units
Total	32 units

## Program completion requirements

To be eligible to graduate with the award Bachelor of Accounting and Sustainable Business, students must have successfully completed the core business courses, Accounting major courses, Sustainable Business major courses, and Business Administration courses (32 courses in total).

## Required time limits

Students have a maximum of 9 years to complete this program.

## Core courses

All students are required to complete all the following core courses. The purpose of these courses is to expose business students to fundamental concepts and methods and the diversity of subject matter that they will encounter in their studies. The functional areas of business are identified and elementary tools leading to a focus in the major areas of Accounting, Sustainable Business, and Business Administration.
