

Bachelor of Engineering (Honours) Bachelor of Business (BEBC) - BEng(Hons) BusCom

QTAC code (Australian and New Zealand applicants): Toowoomba campus: 907451; External: 907455;
Springfield campus: 927451

CRICOS code (International applicants): 093152C

This program is offered only to continuing students. No new admissions will be accepted. Students who are interested in this study area please contact us directly .

	On-campus#	External
Start:	No new admissions	No new admissions
Campus:	Springfield, Toowoomba	-
Fees:	Commonwealth supported place Domestic full fee paying place International full fee paying place	Commonwealth supported place Domestic full fee paying place International full fee paying place
Standard duration:	5 years full-time, 8 years part-time or external	
Program articulation:	From: Associate Degree of Engineering ; Bachelor of Engineering Science ; Bachelor of Engineering (Honours)	

Notes:

See note on part-time study below within the Program Structure section.

Footnotes

Not all of the Bachelor of Engineering (Honours) majors are available at USQ Springfield. Not all of the Bachelor of Business and Commerce majors are fully available at all campuses.

Contact us

the criteria for promotion. Many engineers have completed a [Master of Business Administration](#) to satisfy this requirement. This program enables students to obtain qualifications in both disciplines at the same time.

The program offers students a high level of flexibility as they are able to choose wide ranging combinations of an engineering major and a business or commerce major that best suits their career aspirations.

For more details of the two programs that comprise this award, applicants are asked to refer to the [Bachelor of Business ..](#) and [Bachelor of Engineering \(Honours\)](#) sections of this Handbook.

Program objectives

Graduates of the Bachelor of Engineering (Honours) Bachelor of Business and Commerce program will have met the separate objectives of the [Bachelor of Engineering \(Honours\)](#) and the [Bachelor of Business ..](#) programs.

Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 08. Graduates at this level will have advanced knowledge and skills for professional or highly skilled work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.

Program Information Set

View UniSQ's admission criteria, student profiles and a summary of all offers made under [Course Admission Information Set](#) via the QTAC website.

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Have achieved a minimum Australian Tertiary Admission Rank (ATAR) of **74.15**, or equivalent qualification.[^]
- Subject Pre-requisites: English (Units 3 & 4, C) and Mathematical Methods (Units 3 & 4, C) or equivalent.
-

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a student's higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken.

The courses in each of the Engineering majors are listed in the (Engineering) section of this Handbook. Students enrolled in the Bachelor of Science in Engineering and Commerce program study all of the Core courses listed in the Core section of this Handbook.

Of the courses listed for each major, the courses listed are the required courses.

Engineering Major	Number of Approved Courses
Civil Engineering	5 Approved courses
Computer Systems Engineering	5 Approved courses
Electrical and Electronic Engineering	5 Approved courses
Environmental Engineering	5 Approved courses
Power Engineering	5 Approved courses

Students should select any remaining approved courses from the list of approved courses for their major.

Business and Commerce majors

Students must select a business and commerce major.

Students should consult the [Bachelor of Business Administration](#) section of this Handbook where each major is offered in on-campus mode; not all majors are offered in on-campus mode.

Business and Commerce major studies:

Accounting [^]
Business Administration
Business Economics
Finance
Human Resource Management
Management and Leadership
Marketing

Footnotes

[^] For accreditation details of these majors, applicants are advised to consult the Accreditation section of this Handbook.

The eight courses that comprise each of the Business and Commerce majors are listed in the Business and Commerce section of this Handbook. In addition to those courses, students must also complete the Core courses listed in the Core section of this Handbook.

Business Economics	<ul style="list-style-type: none"> • ACC1101 Accounting for Decision-Making • CIS1000 Information Systems Concepts • ECO1000 Economics • FIN1101 Introduction to Corporate Finance • ENG3003 Engineering Management • STA1003 Fundamental Statistics
Finance	<ul style="list-style-type: none"> • ACC1101 Accounting for Decision-Making • CIS1000 Information Systems Concepts • ECO1000 Economics • FIN1101 Introduction to Corporate Finance • ENG3003 Engineering Management • STA1003 Fundamental Statistics
Human Resource Management	<ul style="list-style-type: none"> • ACC1101 Accounting for Decision-Making • CIS1000 Information Systems Concepts • LAW1500 Introduction to Business and Company Law • MGT1000 Organisational Behaviour • MKT1001 Introduction to Marketing • STA1003 Fundamental Statistics

Practical experience

To be eligible to grmTj1 0 0 1 3Tj1 0 0 1 3TLA

of experience that may be credited towards the 60 days, will be determined by the Examiner of [ENG4909 Work Experience - Professional](#).

IT requirements

Access to an up-to-date computer is necessary. On-campus students can access appropriately equipped laboratories, but should consider acquisition of their own computer. External students should be able to access a computer with the following [minimum standards](#) as advised by the University. All students should have access to email and the Internet via a computer running the latest versions of Internet web browsers such as Internet Explorer or Firefox. The University has a wireless network for on-campus students' computers. In order to take advantage of this f

Course transfers

Students who are enrolled in either the [Bachelor of Engineering \(Honours\)](#) program or the [Bachelor of Business ..](#) program may transfer to the program with advanced standing. If they have completed up to one year of one of those programs they would normally be able to complete the program in the minimum time, after four more years of full-time study. Other students may require longer than the minimum time.

Honours

The level of honours awarded will be determined based on the USQ procedure. Please refer to the [Class of Honours Standard Schedule](#).

Recommended enrolment patterns

Students are able to enrol in any offered mode of a course (on-campus, external or online), regardless of the program mode of study they enrolled in.

Due to the large number of combinations of engineering and business and commerce majors available, separate recommended enrolment pattern tables are not published in this Handbook.

Commencing on-campus students should enrol in the standard first year courses in the engineering major that they have selected. Towards the end of their first year they should consult the Faculty of Health, Engineering and Sciences for advice on the enrolment pattern to be followed in later years of the program.
