Professional accreditation

The Bachelor of Science (Honours) (BSHP) program Psychology major, is available in both on-campus and online modes, and is fully accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as a fourth-year program in psychology.

As a graduate of the Bachelor of Science (Honours) (Psychology) (BSHP) program, students will be eligible to apply for provisional registration as a psychologist with the Psychology Board of Australia. However, there is a requirement to complete a further two years of supervised practice or an approved Masters program after initial registration. Graduates are also eligible to apply to the [Australian Psychological Society](#) for Associate Membership. If graduates achieve a high level of Honours (either First Class or Second Class, Division A), they would be eligible to apply for a Masters program or PhD at UniSQ and other universities.

Program aims

The Bachelor of Science (Honours) aims to begin the training of students as research scientists in a variety of scientific disciplines including applied mathematics/statistics, biology, chemistry, environment and sustainability, computing, physics and psychology. Successful completion of the Bachelor of Science (Honours) (Psychology) (BSHP) psychology major enables graduates to register with the Psychology Board of Australia. Graduates who achieve a high level of Honours (either First Class or Second Class division A) would be eligible to apply for a Masters program or PhD at UniSQ and other universities.

Program objectives

Upon completion of the Honours program, graduates should be able to:

- (1) demonstrate high levels of proficiency in research and specific methodology including research planning and implementation, analysis, interpretation and evaluation of research results, and the presentation and communication of research findings
- (2) demonstrate a commitment to the ethical and social responsibilities of a practising scientist
- (3) develop the professional identity that leads to autonomy, well-developed judgement, adaptability and responsibility as a practitioner or scientist in their discipline
- (4) analyse critically, evaluate and transform information in order to develop solutions to complex problems in their chosen specialist area
- (5) demonstrate advanced knowledge and skills for work as a Professional or to proceed to PhD study subject to competitive evaluation of qualifications

Admission requirements

To be eligible for admission, applicants must satisfy the following requirements:

- Completion of an Australian university Bachelor degree (or equivalent) in the area of Honours study, normally, with a substantial amount of undergraduate study in the major area of the discipline in which the Honours study is to be undertaken, with a Grade Point Average (GPA) of 5 or above for: the whole program; or 5 or above in the second and third years of the program; or 5 or above in the major study area.
- Applicants must also be current in their major area of study. To ensure currency of knowledge, students will have commenced their undergraduate degree no earlier than eight years previous to the year of application and will have satisfied requirements for the award of that degree no more than three years previously.
- English Language Proficiency requirements of Category 2.

Applicants are advised to also note the following:

- Candidates for the Bachelor of Science (Honours) (Psychology) (BSHP) must have completed a program of study approved by the Australian Psychology Accreditation Council (APAC) as constituting the first three years (or equivalent) of study in psychology within the last three years.
- Candidates for all majors other than psychology must have both supervisory and honours committee approval prior to enrolment.

Satisfaction of admission requirements does not guarantee admission.

Note: Places within the Bachelor of Science (Honours) program specialising in Bachelor of Science (Honours) (Psychology) (BSHP) are limited by quota. Selection from applicants who met admission requirements will be based on ranking by GPA from previous Psychology studies. Quota size is determined by the availability of supervision places. Where the quota is filled in the Semester 1 intake, no further places will be offered in Semester 2 of that year.

All students are required to satisfy the applicable [English language requirements](#).

If students do not meet the English language requirements they may apply to study a University-approved [English language program](#). On successful completion of the English language program, students may be admitted to an award program.

Program fees

Commonwealth supported place

A Commonwealth supported place is where the Australian Government makes a contribution towards the cost of a students' higher education and students pay a [student contribution amount](#), which varies depending on the courses undertaken. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Commonwealth Supported students may be eligible to defer their fees through a Government loan called [HECS-HELP](#).

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Schedule](#)

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

International full fee paying place

International students pay full fees. Full fees vary depending on the courses that are taken and whether they are studied on-campus, external or online. Students are able to calculate the fees for a particular course via the [Course Fee Schedules](#).

Program structure

The Honours program consists of eight units of study including project courses and specialised courses. The program has seven majors - Applied Mathematics/Statistics, Bachelor of Science (Honours) (Psychology) (BSHP), Biology, Chemistry, Environment & Sustainability, Computing and Physics.

Students enrolled in the Bachelor of Science (Honours) will be given further information about project selection with their offers.

The project courses give students appropriate opportunity for research and scientific investigation of a topic within the area of the major study.

Required time limits

Students have a maximum of 2 years to complete this program.

Major studies

On enrolment, each student must choose one of the majors Applied Mathematics/Statistics, Biology, Chemistry, Environment & Sustainability, Computing, Physics or Bachelor of Science (Honours) (Psychology) (BSHP).

IT requirements

For information technology requirements, please refer to the [minimum computing standards](#).
