Program fees

Domestic full fee paying place

Domestic full fee paying places are funded entirely through the full fees paid by the student. Full fees vary depending on the courses that are taken. Students are able to calculate the fees for a particular course via the [Course Fee Schedule](#)

Domestic full fee paying students may be eligible to defer their fees through a Government loan called [FEE-HELP](#) provided they meet the residency and citizenship requirements.

Australian citizens, Permanent Humanitarian Visa holders, Permanent Resident visa holders and New Zealand citizens who will be resident outside Australia for the duration of their program pay full tuition fees and are not eligible for [FEE-Help](#).

Note 1 Discipline courses may be drawn from the [Master of Education \(8 units\)](#) or from other [UniSQ post graduate programs](#). Contact the Faculty of Business, Education, Law and Arts to confirm suitability.

In some countries, completion of a research stream is a requirement for recognition of the Master's qualification. Those students in particular from **Canada and the Middle East**, or those intending to live and work there, should check registration requirements with the relevant authority in-country around the half-way point of the Master's program. This will allow time for students to complete their program via the research pathway if the need to do so is indicated.

Program completion requirements

Students are required to follow the recommended enrolment pattern to graduate with a Master of Applied Linguistics. Those who deviate from the recommended enrolment pattern are invited to transfer to the Master of Education (TESOL), a program with a less highly structured enrolment pattern containing all Applied Linguistics courses, or the Master of Learning and Development, a program that accommodates non-education courses.
