## Program aims

The Undergraduate Certificate of Psychology Fundamentals aims to equip students with the necessary skills to successfully respond to the literacy, critical thinking and e-literacy demands of higher education studies. In addition, this program will provide students with foundation knowledge of psychology and a broad introduction to the practice of psychology. The Certificate provides students with a broad introduction to the academic culture of university studies and the discipline of psychology. The Certificate will provide students with an enhanced understanding and knowledge of foundational issues, principles and strategies needed in order to be successful in the first year undergraduate level of study. The program will appeal to those who want to enhance and develop their broad study skills prior to enrolling in a more specialised degree program, or op4teore specialised de cur.528.entor op4teore specialised de 5.648 398.777 lhf53ore n rir7.3611 47quteofi026 32.977

## Australian Qualifications Framework

The Australian Qualifications Framework (AQF) is a single national, comprehensive system of qualifications offered by higher education institutions (including universities), vocational education and training institutions and secondary schools. Each AQF qualification has a set of descriptors which define the type and complexity of knowledge, skills and application of knowledge and skills that a graduate who has been awarded that qualification has attained, and the typical volume of learning associated with that qualification type.

This program is at AQF Qualification Level 05. Graduates at this level will have specialised knowledge and skills for skilled/paraprofessional work and/or further learning.

The full set of levels criteria and qualification type descriptors can be found by visiting www.aqf.edu.au.
